

Name _____

Class _____

A secondary dominant is a chromatically altered chord that has the temporary role of a dominant or "V" chord. It usually resolves to the chord of which it is the dominant. For instance, a V/ii (or "V of ii") resolves to a ii in the key.

A V/V resolves to a V in the key

G Major V/ii V⁷/ii ii V/V V⁷/V V

Eb Major V/V V V/ii ii V⁷/iii iii

C# minor V/V V V/vi vi V⁷/v v

Ab Major V⁷/V V V⁷/ii ii V/iii iii

Bb major V⁷/V V V⁷/ii ii V/iii iii
